China International Fluid Machinery Exhibition

China ShangHai 21-23 October 2026

**China General Machinery Industry Association
National Exhibition and Convention Center(Shanghai)**

CFME2026

Organizers

CGMA

China General Machinery Industry Association (CGMA) was founded in April of 1989, and awarded "AAAAA" social organization by China's Ministry of Civil Affairs in 2022. CGMA provides services of planning, information, exhibition, standards making, training, consulting and other services for the industry and members.

With the purpose of implementing state policies, serving the government, industry and enterprises, promoting the revitalization and development of general machinery industry, safeguarding the legitimate rights and interests of members and industry, CGMA is taking the role of the bridge between government and enterprises, between domestic and foreign enterprises.

NECC

The National Exhibition and Convention Center (Shanghai) is a globally leading convention and exhibition complex co-established by the Ministry of Commerce of the People's Republic of China and the Shanghai Municipal People's Government. It is also the venue for the China International Import Expo (CIIE).

The National Exhibition and Convention Center (Shanghai) is dedicated to becoming a world-class exhibition enterprise, fully leveraging its role as a "new window for serving the new development paradigm, a new engine for promoting industrial integration, and a new business card of China's convention and exhibition industry". It strives to contribute to China's new round of high-level opening-up, promote high-quality development in the business sector, and support the nation's goal of becoming a global powerhouse in the exhibition industry.

CFME2026

Events

100+ speakers, including representatives of the Chinese Government, relevant ministries and departments, industry associations and major Chinese and foreign companies. **50+** events of the conference programme.

Equipment and solution providers from over **28** countries and territories will present their know-how and products at CFME.

Exhibitors

Exhibits

5000+ advanced products and services of fluid machinery industry and accessories industry will show the trend of future market and technology.

Users, distributors, internal purchasing groups, manufacturing enterprise, suppliers, industry experts, government agencies, media, consulting companies, research institutes and so on.

Participants

Innovation Inspiring Development

Founded in 2000, China (Shang Hai) International Fluid Machinery Exhibition (CFME) is the only large-scale and authoritative exhibition in China's fluid machinery industry held by China General Machinery industry Association and National Exhibition and Convention Center (shanghai).

The organizers CGMA and NECC would like to work with all enterprises and organizations to make CFME a world-class exhibition, creating opportunities for exhibitors and visitors to strengthen cooperation and communication.

CFME2026 will still provide an ideal platform for manufactures to show their advanced technologies and new products, for buyers to find quality suppliers, and for all sector participants to study the future trend of fluid machinery.

In order to show the industry influence of the exhibition extensively, more than 80 professional media, domestically and internationally, will report and propagandize the participants and exhibitors from a variety of perspectives, channels and dimensions.
